EMPLOYMENT RECORD

2020 - present: Associate professor at University of Montenegro (UOM)
2015 – 2020: Assistant professor at University of Montenegro
2000 – 2015: Teaching Assistant, Faculty of Metallurgy and Technology, UOM
1999 – 2000: Institute of Hydrometeorology and Seismology, Montenegro

Responsible for courses: Water technology (*Chemical Technology*)

Responsible for courses: Water protection engineering, Water management
(*Department of Environmental protection*)

Responsible for course: Water protection and quality (*Faculty of Civil Engineering, UOM*)

Responsible for course: Environmental protection (*Faculty of Natural Sciences and Mathematics, UOM*)

EDUCATION

PhD, Faculty of Metallurgy and Technology, University of Montenegro, Chemical Technology, 2009

MSc, Faculty of Technology, Novi Sad University, Department of Chemical Engineering, 2004 (10)

Graduate Diploma, Faculty of Metallurgy and Technology, University of Montenegro, Chemical Technology, 1999 (9,02)

MAIN DISCIPLINE / SPECIALISATION

The areas of scientific and research work are: chemical engineering and environmental protection, water treatment, wastewater treatment, examination of the possibility of removing heavy metals using environmentally friendly materials, geopolymers, looking at the influence of certain parameters on the efficiency of their removal from aqueous solutions.
